This workshop trains partners or collaborators like you to become Dockwalkers, who conduct face-to-face boater education about environmentally-sound boating practices.

Receive free educational materials to distribute to boaters at marinas, boat launch ramps, boat shows, and special events. Dockwalkers' efforts increase boater awareness about clean and safe boating, thus improving the recreation experience in California while helping to preserve its precious wildlife habitat and water quality.

Anyone from 15 to 100 years young interested in water quality and sharing clean boating information (regardless of your background) can become a Dockwalker!
